RE: PSC-CUNY Award # 68180-00 46

Dear Professor Satyanarayana:

We are pleased to announce that you are the recipient of a Cycle 46 PSC-CUNY Research Award for \$3134.00 to begin July 1st, 2015. The award is subject to funding of the PSC-CUNY Research Award Program through the New York State budget and will be accessible only after funds have been made available to CUNY. This is the only correspondence you will receive about your award; all information is available online. The award period is for one year. A one-time extension of six months may be requested by email prior to June 30th, 2016. After the six-month extension is granted, further extensions will not be allowed under any circumstances.

A final report for this project is due March 1st, 2017. Failure to submit the report will negatively affect your future funding from the PSC-CUNY Research Award Program.

To access the online application system go to: [<https://www.rfcuny.org/gp/welcome.aspx>](https://www.rfcuny.org/gp/welcome.aspx)

User ID : ASHWINBRS

Password : SAI7RAM

After signing in with your User ID and password, click the VIEW YOUR APPLICATION link in the Alerts Box. Next, under the Previous Applications section, locate the application you want to open in the Application Number column and click the respective application number link. To view the evaluations, click on the EVALUATIONS tab. Click the respective View Evaluation link. To view your budget, click on the BUDGET tab after opening the application.

Information regarding award expenditures is available on our website:
[<https://www.rfcuny.org/RFWebsite/research/content.aspx?catID=3020>](https://www.rfcuny.org/RFWebsite/research/content.aspx?catID=3020)

If your project includes the use of Human and/or Animal subjects, it cannot begin until it has received the required approval (IRB and/or IACUC) and it can be carried out only during the time that the approval lasts. Principal Investigators must renew their approval(s) to continue working on the project. In addition, the program will accept only project expenditures incurred when the project's IRB and/or IACUC approval period and budget period overlap. For additional information regarding IRB and/or IACUC, please contact the IRB administrator or IACUC administrator at your college. No expenditures will be allowed until the Human and/or Animal subject approval is obtained and a copy is on file at the Research Foundation, where required.

For all inquiries regarding your award, please contact Richard Markgraf, the Program Administrator at The Research Foundation of CUNY, via email PSC_CUNY@rfcuny.org or by telephone [\(212\) 417-8464](tel:(212)417-8464).

We offer our congratulations and best wishes for the success of your research project.

Sincerely,
University Committee on Research Awards
