Reference: Peer Advisement Program – Computer Systems Technology Department

Dear Ashwin,

I want to thank you for your service to your department, the college, and especially your students in your role as Faculty Mentor for the Peer Advisement Program in your department. The voluntary leadership of the faculty mentors is critical to ensuring that the program accomplishments contribute to the goals of the program.

As a faculty mentor, you have mentored and managed four student peer advisors. Under your leadership the program hosted career seminars, a family workshop at the local elementary school, and co-hosted the first Girl Day Event at City Tech for female high school students.

We have had a successful year and I hope to continue working together.

Thank you for your dedication to your students and the program.

With warm regards,

A handwritten signature in black ink, appearing to read 'Melanie Villatoro', written on a light-colored background.

Melanie Villatoro, P.E.
Assistant Professor
Program Director for Peer Advisement Program
